Re: The matter of: Rose Savio v Kaitlyn Delpozso, et al  
Case Number: 7:13 CIV 5606 (NSR)  
Our Client: Rose Savio

Dear Honorable McCarthy:

We represent the plaintiff, Rose Savio, in the above entitled product liability matter. On November 18, 2014, via teleconference with the Court, Your Honor was notified that both parties have reached a final settlement in this matter. The referral was deemed "closed" and we were directed to submit a Stipulation of Discontinuance within 120 days.

As part of the settlement, on or about September 23, 2014, all parties entered into a Stipulated Confidentiality Agreement and a Protective Order and the document was filed with the Court. As a result, defense counsel wanted us to make sure the confidentiality extended to the filings in Surrogate's Court.

Subsequently, since the plaintiff in this matter was the executrix of her late daughter's estate with limited Letters Testamentary, my office prepared the petition and supporting documentation for leave to compromise, which was submitted to the Putnam County Surrogate's Court for execution, along with said request for confidentiality.

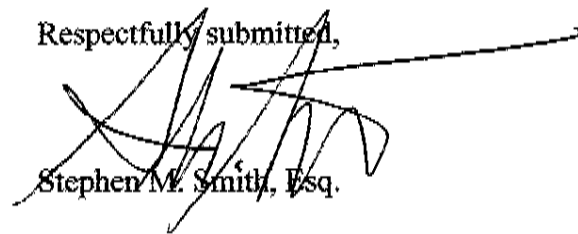

On or about February 19, 2015, we received notification from the Surrogate's Court that in order for this matter to be sealed in their court, the Judge required a formal application to the Court requesting the proceeding be sealed, along with a Memorandum of Law in support of same. We are in the process of submitting the required, additional papers.

Based on the foregoing, and upon consent of Homer B. Ramsey, Esq., defense counsel, we are respectfully requesting an extension of time to file the Stipulation of Discontinuance until such time as the Surrogate's Court Judge renders his decision on the paperwork and gives his permission to settle this matter at hand. While it is hard to

estimate the caseload and/or time it will take the Surrogate's Court Judge to render his decision, we would ask for an extension of a period of at least ninety (90) days.

Thank you in advance for your time and consideration.

Respectfully submitted,
